

Krew Chief

As Krew Chief there are some very important things you must do and follow.

- **Make sure you arrive in good time for jobs as the krew will be contacting you when they arrive. It is important you are there in good time (10 - 15min) early to assemble the krew.**
- **Make sure everyone is arriving on time and in case of krew running late, then you must notify the client when you make contact**
- **Always check on the krew and make sure everyone is satisfied at work know what to do**
- **The Krew Chief is the person that contacts the client when the krew arrives and does most of the communication with the client**
- **The Krew Chief must be aware of newer recruits and give them a little extra attention to make sure they know what to do and feel comfortable with the krew.**
- **Make sure no one is standing around not knowing what to do, always find a task for the krew and if in doubt, ask the client what can be done**
- **If any krew is missing or something unusual happens, then you must notify the office**

Anyone who is not following the mandatory points above, will be at risk of being unable to be Krew Chief in the future.
