

To the Krew,

Another month has passed and we are now officially in the quiet period. This means things naturally will slow down and there won't be the same volume of jobs as in the spring and summer. However, always remember to accept the 'Reserve Krew' jobs if you are able too, this is a very effective way of getting more hours. We hope that you can remain with us during this time, so that you can gain more experience with us when the busy period comes again next year.

We have added a new graph to the 'Money & General Tips' page inside the 'Members Klub', this graph will give you a better understanding of the forecast for how busy we are in the different periods of the year. [Click here to view](#) or visit the 'Money & General Tips' in the 'Members Klub' for more information.

One thing I would like to mention is that next year, one of our main focuses will be on finding more and new ways of seeking new clients and we have already discovered some new potential options. This will majorly benefit all of the companies within the organisation as it will be an investment that we are confident will pay off in the long run.

To celebrate what has been an incredible year so far. We are very excited to finally have gotten our logo on the company car, and it has never looked as good as it does now. To our drivers, enjoy the ride and let's make sure to take good care of it.

New: Top Recruiter

We have a new top recruiter which is Fahim Sifat, who has knocked Ulises off the throne as the King of Recruitment so far in 2024. He has earned himself 4.056 DKK from all his active recruits since he started this year in April. This is the first year with our new recruitment system and we definitely feel it has been an incredible addition to the business and a great contributor to the reason why the big Rammstein job in July was such a success. As I mentioned in last months newsletter, we will be adding new benefits onto the system that will allow our krew to earn additional income from all their krew on any level for as long as you and your recruit are actively on our system. Krown Katering: 2 Year Anniversary

We are also proud to have reached 2 years of 'Krown Katering' which is a company we are very excited for in the future. We know that this year has not been as good as we had hoped, however, we will continuously be working towards growing the company and getting more clients. We believe 2025 and 2026 will be good years for this, as I said above, we will be investing in more ways to build and evolve the organisation.

Krown Krew (Odense): 1 Year Anniversary

With the first year of our Odense branch now complete, we are happy to say it is off to a good start. We had work for the branch in 9 out of 12 months and this is a great stepping stone for us to expand on. We look forward to the challenge of setting new records in year 2 of the company.
